# SUCCESS IS A JOURNEY

## Welcome to UNSW Sydney

A degree at UNSW is an experience second to none. As a top 50 university, we offer award-winning teachers with global reputations at three modern campuses. Our students study in world class facilities, interact with industry leaders, and apply the latest research to real world situations.

We teach our students to challenge traditional thinking, to push boundaries and to remain young in spirit. Our alumni embody this spirit, achieving amazing things around the world. You can become one of them.

Our 2025 Strategy will cement our position as 'Australia's global university', among the world's best. We are deepening our research and teaching, partnering with more governments and universities around the world, and helping disadvantaged communities to grow. We are aiming high, just like our students.

Choosing a university is an important decision for you and your family. We hope you join our community, and that your journey is a rewarding and successful one.

# CHANGE THE FUTURE WITH RESEARCH AND INNOVATION

We transform clever ideas and research discoveries into successful innovations to benefit society, the economy and future generations.

We conduct research across a wide range of areas. We invest considerable resources in areas where we believe we can make the biggest difference, such as:

- **Solar power (photovoltaics).** We hold the world record for the conversion efficiency of a silicon solar cell, and we are home to the world's fastest solar powered car.
- **Clean drinking water.** We created membrane filtration technology to filter water that is now used in taps around the world.
- **The bionic eye.** We successfully trialled a bionic eye system that is a world first in neural stimulation and clarity of vision.
- **HIV/AIDS.** Since diagnosing Australia's first case of HIV, we have been involved in the development of every existing antiretroviral HIV drug.
- **The world's largest computer.** Using silicon, we are building the world's largest supercomputer.

## Supporting entrepreneurs

The Student Entrepreneur Development program offers free services to guide and connect entrepreneurial students and alumni to develop a sustainable business model for their innovative ideas.  
[innovations.unsw.edu.au/student-entrepreneurship](https://innovations.unsw.edu.au/student-entrepreneurship)

## MCIC Innovation Network

Since its grand opening in 2015, the Michael Crouch Innovation Centre has facilitated more than 35,000 engagements in a broad range of innovation learning events and programs. Everyone is welcome to find a better way at the MCIC.

# SYDNEY, ONE OF THE WORLD'S BEST

## The business capital of Australia

Sydney is home to more global firms than any other Australian city. A gateway to Asian economies, the city attracts great minds and is known for its ideal climate, relaxed outdoor lifestyle and friendly locals. It's no wonder Sydney was voted the 10th best city in the world to live and work.\*

\*Mercer Quality of Living Survey 2016

### Surrounding areas

UNSW is located in the leafy Eastern Suburbs, minutes away from Coogee Beach and Centennial Park. The surrounding suburbs of Kingsford, Randwick and Maroubra are full of affordable cafés and restaurants offering an impressive range of international cuisine, reflecting the area's diversity.

### Outside Sydney

Hop on a train to the Blue Mountains for some fresh air, go north or south along the coast for quiet and stunning beaches, or head inland for Australian rural life. And you can always hop on a plane to Melbourne, the Gold Coast, New Zealand or Bali, just like the locals.

[international.unsw.edu.au/sydney-worlds-best](http://international.unsw.edu.au/sydney-worlds-best)

Scan with UNSW AR app or QR reader

### Student friendly

Sydney is home to a diverse and cosmopolitan society. The city was ranked the 4th best student city in the world, winning extra points for quality of life (QS Best Student Cities 2016). The food and coffee are world class too.

### Love Sydney for less

There are endless indoor and outdoor activities to enjoy in Sydney at affordable prices. Visit free art galleries, watch a movie at the local cinema, set off on a coastal walk, enjoy a barbecue in the park, go snorkelling or surfing at the beach, or grab a cheap lunch or dinner in our neighbouring suburbs.

# PREPARE FOR CAREER SUCCESS

Our extensive career development services and events will enhance your workplace and career skills.

## UNSW Careers and Employment

Employers seek well-rounded graduates who can demonstrate relevant studies, work experience and extra-curricular involvement. Our dedicated Careers and Employment team assists students in gaining practical workplace skills, obtaining professional experience and developing a career plan. At any time during your degree, you can attend free seminars, access online resources or book a one-on-one appointment with a careers consultant. You'll also have access to the Careers and Employment Office up to 18 months after completing your degree.

[careers.unsw.edu.au](https://careers.unsw.edu.au)

## UNSW China Office

The UNSW China-based office is committed to ensuring excellent graduate employment opportunities for students. The China team actively maintains working partnerships with leading Australian, Chinese and multinational companies to identify the latest industry trends and opportunities relevant to our graduates.

[international.unsw.edu.au](https://international.unsw.edu.au)

## Professional Development Program for International Students

As a student you can take advantage of a professional development program tailored to give a hands-on experience in a professional workplace. It includes a three-day seminar covering topics such as business communication, employer expectations and recruitment processes. You're also offered the opportunity to complete a 50-hour workplace experience in offices located all over UNSW.

- Get hands-on experience and confidence in a professional setting
- Improve your job application and interview skills
- Gain knowledge of employer expectations in the Australian workplace
- Enhance your business communication and business writing skills

[student.unsw.edu.au/pdp](https://student.unsw.edu.au/pdp)

## Univative

Univative is an inter-university consulting competition designed to enhance students' employability skills by placing them in a real-life teamwork project with limited time and resources. Competing against other universities to solve actual business problems, students learn how to engage with real organisations and work with team members from differing backgrounds.

[student.unsw.edu.au/univative-competition](https://student.unsw.edu.au/univative-competition)

## International Students Careers Week

A week of seminars, panels and online events highlights the global opportunities available to international students. You can meet with international employers, create beneficial networks and learn valuable recruitment tips from employers and alumni.

[student.unsw.edu.au/careers-week](https://student.unsw.edu.au/careers-week)

## Careers Expo

Held twice a year, our Careers Expo is a chance for students to meet and discuss potential employment and internship opportunities with over 100 participating employers, including BHP Billiton, Chevron, Commonwealth Bank of Australia, Deloitte, HSBC, Microsoft, IBM Australia and many more.

[student.unsw.edu.au/expo](https://student.unsw.edu.au/expo)

## Career focused General Education courses

Taking a professional practice course will show employers that you are career focused. It will also increase your competitiveness in the graduate recruitment process. The following can be taken as General Education courses:

### DIPP1112 Introduction to the Workplace

Develop the skills you need to be successful in the job market and to manage your ongoing career.

### DIPP1510 Work Placement

Gain credit for the work experience, internship or industry-relevant placement you have secured.

# EXPERIENCE A WARM, FUN COMMUNITY

UNSW offers a village atmosphere that will make you feel right at home.

## Campus facilities

UNSW Kensington campus has everything you need including over 40 cafés and restaurants, two banks, four ATMs, a post office, a supermarket, a food cooperative, a pharmacy, medical centre and dentist, two libraries, a fitness and aquatic centre, and sports fields and courts.

## Study areas

Work on your assignments at one of our many indoor computer labs or outdoor study areas complete with power outlets to charge your devices. Stay connected to family and friends with free Wi-Fi throughout the campus.

## Clubs and societies

Choose from over 250 student-led clubs and societies covering an immense range of hobbies, and cultural and social activities.

## Student association

Arc is our student association, run by students for students. Find out about parties and events, or get discounts from partner organisations, free legal advice, and assistance with finding a part-time job or volunteer work.

## Language and conversation skills

Improve your language skills by participating in one of our many programs or discussion groups on campus. We can even match you with a partner who shares your language, while you work on improving your English.

## Religious centre

Our interfaith religious centre is for all UNSW students. Chaplains conduct services and studies, and offer spiritual counselling. The Islamic Society has an Imam in attendance with meeting and prayer rooms available.

## Staying safe

To maintain our safe and enjoyable study environment, our security service provides a 24-hour comprehensive presence across the campus. Our StaySafe@UNSW free app allows you to track the night bus, and provides safety tips, contacts, a newsfeed, and much more.

# GET FRIENDLY AND HELPFUL SUPPORT

Our students tell us we are one of the friendliest universities in Australia with a host of support services you can rely on.

## Arrival support

From picking you up at the airport, running new arrival workshops and taking you on campus tours, our dedicated International Student Welcome Centre will make sure you feel oriented, safe and well connected.

## Student Development International

Student Development International (SDI) is the first point of contact for international students. Our International Student Advisors are always here to help you with personalised advice and information about all aspects of your university life, your student visa, your wellbeing and your academic performance. UNSW has a range of support and development services available to assist you from the time you arrive through to graduation.

Scan with UNSW AR app or QR reader

## Academic support

As a UNSW student, you will get access to free online resources, academic skills workshops, individual consultations with peer writing assistants, exam preparation tips and much more.

## Cultural mentors

New students can apply to be matched with a Cultural Mentor prior to their arrival in Australia. The program introduces new international students to a senior student mentor who is available to answer questions about UNSW and Sydney before arrival. Once they have arrived students can meet up with their mentors to learn about Australian culture, customs and being a student at UNSW.

## Peer mentors

You can also be matched with a peer mentor. This is a senior student from your faculty who can provide you with faculty advice and tips on how to adjust to student life in your chosen field.

[student.unsw.edu.au/international](http://student.unsw.edu.au/international)

# LIVE ON CAMPUS, MAKE FRIENDS FOR LIFE

UNSW is the largest provider of student housing in Sydney with award-winning accommodation on and off campus. Live within walking distance of your lecture halls, meet people from around the world and make lifelong friends. Alternatively, find your own home in the neighbouring Eastern Suburbs or by the beach.

## Accommodation at UNSW

### Colleges

Colleges provide a choice of full board, partly catered and self-catered style accommodation. There is also a range of gender-specific options including male only, female only, and mixed male and female accommodation. Most colleges cater for dietary requirements like halal, kosher and vegetarian.

### Apartments

Apartments offer independent-style living for undergraduates, postgraduates, couples, and families with children. There are apartments available on and off campus and costs vary depending on the number of rooms and the location.

University accommodation should be organised in advance as places book up quickly. Apply for UNSW accommodation at [housing.unsw.edu.au](https://housing.unsw.edu.au)

## Private accommodation options

### Rental property

There are many private rental properties available in the suburbs surrounding UNSW. Costs vary according to the number of bedrooms, condition and location. When renting, you can expect to sign a 6 or 12-month lease and pay rent in advance plus a security deposit called a bond. Rental properties can come furnished or unfurnished and additional expenses like electricity, gas, telephone and Wi-Fi are typically not included in the rental price. Costs vary but usually range from A\$150 – A\$300 per student per week in a shared house or apartment.

### Homestay (full board and room-only)

Homestay options include full board and single room-only accommodation. Full board usually includes a furnished room, use of facilities in the private home of a family or single person, plus breakfast and dinner. Some may also include bed linen, a laundry service and weekly room cleaning. Single room-only homestays include a furnished room, and gas and electricity expenses in the rental price. You will be responsible for providing your own food, cooking, cleaning, and laundry and telephone costs. Costs vary but usually range from A\$180 – A\$300 per student per week.

Search our database of locally listed private properties at [studystays.unsw.edu.au](https://studystays.unsw.edu.au)

### Temporary accommodation

If you haven't confirmed your university accommodation before you arrive, we recommend you allow three to four weeks before classes begin to look for private housing, settle in and attend orientation sessions. Be sure to book short-term accommodation first, then look for long term options in person. This can include private hotels, motels, hostels, lodges or furnished apartments ranging from A\$45 to A\$300 per day.

### Private student housing assistance

Our International Student Housing Assistance team (ISHA) can help you look for temporary or private accommodation if UNSW accommodation isn't available when you apply. This helpful service is available at the start of each semester.

[student.unsw.edu.au/housing-assistance](https://student.unsw.edu.au/housing-assistance)

### Under 18s

Arrangements must be made for students under 18 years of age. These requirements are in line with Australian Government regulations for the care and welfare of international students under 18.

## STRONG INDUSTRY CONNECTIONS

Australia's largest community of art and design practitioners, researchers, educators and students. Our international networks of more than 1,000 industry partners spans global brands and design-led businesses to boutique agencies.

## STATE-OF-THE-ART CAMPUS

Our Art & Design campus in Paddington incorporates an array of cutting-edge galleries and workshops, private workspaces and open studios, research and digital labs, student lounges and spaces for innovation and collaboration.

'I enjoyed the flexibility of the Master of Design. I was able to pursue my interests in printmaking and ceramics, as well as graphic design. Being a smaller campus, I made strong connections and participated in university life. Since graduating, I have joined an Indigenous-owned design agency, which has helped me to achieve my goals of making intercultural connections.'

## 2017 QS WORLD UNIVERSITY RANKINGS FOR SUBJECTS

All UNSW Engineering subjects rank in the top 50:

- Minerals and Mining 5th in the world
- Civil Engineering 16th in the world, and 1st in Australia
- Chemical Engineering 37th in the world
- Computer Engineering 42nd in the world
- Mechanical Engineering 46th in the world
- Electrical Engineering 48th in the world

## INFLUENTIAL ENGINEERS

22% of Australia's most influential engineers are from UNSW, the most of any Australian university.

/ Top 100 Most Influential Engineers, 2016

'I chose a UNSW Engineering program because it aligned with my career goals and interests. My program was taught by staff and guest lecturers with extensive experience in the engineering industry – it was a great opportunity to learn from experts in the field. I particularly enjoyed the industry professionals and keynote speakers who addressed emerging trends in engineering science.'

BIOMEDICAL ENGINEERING

Master of Biomedical Engineering (8660)

**Duration:** 1.5 years  
**Entry:** February and July  
**Estimated first year tuition:** A\$41,280  
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

 **Entry requirements**  
A recognised four-year Bachelor degree in engineering, science or medicine, with an average grade of 65%.

Graduate Diploma in Biomedical Engineering (5449)

**Duration:** 1 year  
**Entry:** February and July  
**Estimated first year tuition:** A\$41,280  
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

 **Entry requirements**  
A recognised three-year Bachelor degree in a related discipline.

ENGINEERING

Master of Engineering (8621)

**Duration:** 2 years  
**Entry:** February and July  
**Estimated first year tuition:** A\$41,280  
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

 We are ranked 16th in the world for Engineering - Civil and Structural / QS World University Rankings by Subject, 2017

This two year program is designed for those wanting to enter the engineering profession or for practising engineers who wish to expand their knowledge and skills in engineering management, acquire an in-depth knowledge of a particular specialisation, or gain technical expertise. The five specialisations are professionally accredited (or awaiting accreditation) by Engineers Australia.

 **Entry requirements**  
Entry is open to students with a four year non-accredited (under the Washington Accord) Bachelor of Engineering degree or equivalent in a related discipline with a minimum 65% average (70% for Electrical Engineering and Telecommunications.).

(Applicants who hold a three year Engineering Science degree at least equivalent to the first three years of a related Engineering degree accredited under the Washington Accord may be considered also.)

Cut off requirements for China and South Asia (including cut-off lists for individual institutions) are available on the Faculty website. Refer also to individual discipline pages for more detailed entry requirements.

Students with three year British degrees are eligible to apply for UNSW Engineering postgraduate programs. However, applications will be considered on a case-by-case basis and outcomes are dependent on GPA and discipline background of the student.

**NOTE: The minimum average required for entry is as determined by the UNSW Postgraduate Entry Score Calculator.**

-  **Specialisations**
- Civil Engineering
  - Electrical Engineering
  - Environmental Engineering
  - Mechanical Engineering
  - Telecommunications

ENGINEERING SCIENCE

Master of Engineering Science (8338)

**Duration:** 2 years  
**Entry:** February and July  
**Estimated first year tuition:** A\$41,280  
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

 We are ranked 37th in the world for Engineering - Chemical / QS World University Rankings by Subject, 2017

 **Entry requirements**  
Students need a recognised four year Bachelor degree in an appropriate area of engineering with a minimum 65% average as determined by the UNSW Postgraduate Entry Score Calculator\* in a relevant discipline.

Students with three year British degrees are eligible to apply for UNSW Engineering's postgraduate programs. However, applications will be considered on a case-by-case basis and outcomes are dependent on GPA and discipline background of the student.  
**\*NOTE: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.**

 **Specialisations**  
Students should choose at least 6 UOC Engineering and Technical Management courses and the remainder of electives may be chosen from disciplinary or advanced disciplinary courses from their specialisation, or another specialisation within the Master of Engineering Science program subject to students being sufficiently prepared by way of prior learning.

This degree is offered in specialisations (streams) including:

- Biomedical Engineering
- Chemical Process Engineering
- Civil Engineering
- Electrical Engineering
- Energy Systems
- Environmental Engineering
- Food Process Engineering
- Geospatial Engineering
- Geotechnical Engineering & Engineering Geology
- Manufacturing Engineering & Management
- Mechanical Engineering
- Nuclear Engineering
- Petroleum Engineering
- Photovoltaics & Solar Energy
- Project Management
- Renewable Energy Engineering
- Satellite Systems Engineering
- Structural Engineering
- Sustainable Systems
- Systems & Control
- Telecommunications
- Transport Engineering
- Water Engineering: Catchments to Coasts
- Water, Wastewater & Waste Engineering

Graduate Diploma in Engineering Science (5341)

**Duration:** 1 year  
**Entry:** February and July  
**Estimated first year tuition:** A\$41,280  
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

 **Entry requirements**  
Recognised four year degree in a relevant discipline of engineering or a three or four year engineering or science degree plus relevant professional experience.

-  **Specialisations**  
This degree is offered in the following specialisations (streams):
- Chemical Process Engineering
  - Civil Engineering
  - Electrical Engineering
  - Energy Systems
  - Environmental Engineering
  - Food Process Engineering
  - Geospatial Engineering

- Geotechnical Engineering & Engineering Geology
- Manufacturing Engineering & Management
- Mechanical Engineering
- Nuclear Engineering
- Petroleum Engineering
- Photovoltaics & Solar Energy
- Project Management
- Renewable Energy Engineering
- Structural Engineering
- Telecommunications
- Transport Engineering
- Water Engineering: Catchments to Coast
- Water, Wastewater & Waste Engineering

Students must complete 48UOC of courses to be eligible for the degree.

Graduate Certificate in Engineering Science (7320)

**Duration:** 6 months  
**Entry:** February and July  
**Estimated first year tuition:** A\$20,640  
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

 **Entry requirements**  
Recognised four year degree in a relevant discipline of engineering or a three or four year engineering or science degree plus relevant professional experience.

 **Specialisations**  
This degree is offered in the following specialisations (streams):

- Civil Engineering
- Geospatial Engineering
- Nuclear Engineering

Graduate Certificate in Petroleum Engineering (7343)

**Duration:** 1 year  
**Entry:** February and July  
**Estimated first year tuition:** A\$30,960  
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

 **Entry requirements**  
Entry into the Graduate Certificate in Petroleum Engineering can be via two pathways:

- Entry pathway 1 - A 3 or 4 year Bachelor of Engineering/Science degree in a relevant discipline or an equivalent qualification from a recognised university or tertiary institution; OR

- Entry pathway 2 - Consideration will be given on an individual basis for those with relevant petroleum industry experience with vocational training based on the portfolio supporting the application. A minimum of 5 years of full-time relevant professional and/or responsibility in the upstream petroleum industry is required. Students are required to demonstrate work experience in the Upstream Petroleum Industry (i.e. the exploration, reservoir engineering, drilling and production of oil &/or gas). An entry interview may be required.

For entry pathway 2, a portfolio is to be provided to support the application for postgraduate coursework study. More details on handbook: [handbook.unsw.edu.au/postgraduate/programs/2017/7343.html](http://handbook.unsw.edu.au/postgraduate/programs/2017/7343.html)

FOOD SCIENCE

Master of Food Science (8037)

**Duration:** 2 years  
**Entry:** February and July  
**Estimated first year tuition:** A\$41,280  
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

 **Entry requirements**  
Students must hold either a Bachelor degree in Food Science with a minimum 65% average as determined by the UNSW Postgraduate Entry Score Calculator\*, or a Graduate Diploma in Food Science from UNSW,

or an equivalent qualification from another recognised university or tertiary institution.  
\* NOTE: Students from a non-211 university in China need a minimum 70% average as determined by the UNSW Postgraduate Entry Score Calculator.

Graduate Diploma of Food Science (5037)

**Duration:** 1 year  
**Entry:** February and July  
**Estimated first year tuition:** A\$41,280  
**Minimum IELTS requirements:** 6.5 Overall, 6.0 in each band

 **Entry requirements**  
A student must hold a Bachelor degree in Food Science or a cognate discipline (such as chemical engineering or biochemistry), with an average mark of at least 65, or an equivalent qualification from a recognised university or tertiary institution, in order to be admitted to the program.

 **Specialisations**  
Students must complete 48UOC of courses to be eligible for the Graduate Diploma. This Graduate Diploma is offered in the following specialisations (streams):

1. Food Science for Chemical Engineers, Academic Plan FOODLS5037
2. Food Science for Biochemists, Academic Plan FOODMS5037
3. Food Science, Academic Plan FOODJS5037

\*Students starting an engineering program in semester 2 may be required to complete summer semesters. Contact UNSW Engineering for details.

INFORMATION TECHNOLOGY

Master of Information Technology (8543)

Duration: 2 years  
(or 1 year with advanced standing)

Entry: February and July

Estimated first year tuition: A\$41,280

Minimum IELTS requirements:  
6.5 Overall, 6.0 in each band

Entry requirements

At least a four-year undergraduate degree equivalent to a standard Australian Bachelor degree in science or engineering, and a 70% average achieved overall;

OR a three year undergraduate degree equivalent to a standard Australian Bachelor degree in computer science and engineering, and a 70% average achieved overall;

OR completion of the Graduate Diploma in Information Technology (5543) subject to no fails.

Specialisations

Up to two specialisations can be selected from the following areas with a completion of minimum of three courses required to satisfy the major. Course levels are indicated in brackets.

• Artificial intelligence

• Bioinformatics

• Information Technology

• Database Systems

• eCommerce Systems

• Geospatial

• Internetworking

• Data Science and Engineering

We are ranked 42nd in the world for Computer Science and Information Systems / QS World University Rankings by Subject, 2017

Graduate Diploma in Information Technology (5543)

Duration: 1.5 years

Entry: February and July

Estimated first year tuition: A\$41,280

Minimum IELTS requirements:  
6.5 Overall, 6.0 in each band

Entry requirements

At least a three-year undergraduate degree equivalent to a standard Australian Bachelor degree in a discipline that included Mathematics up to at least year two level; and a 70% average achieved overall.

OR completion of the Graduate Certificate in Computing subject to no fails.

Graduate Certificate in Computing (7543)

Duration: 6 months

Entry: February and July

Estimated first year tuition: A\$20,640

Minimum IELTS requirements:  
6.5 Overall, 6.0 in each band

Entry requirements

A recognised three-year Bachelor degree or a minimum of three years of work experience in an appropriate area of engineering or science.

MINING ENGINEERING

Master of Mining Engineering (8335)

Duration: 1.5 years

Entry: February

Estimated first year tuition: A\$41,280

Minimum IELTS requirements:  
6.5 Overall, 6.0 in each band

Entry requirements

A recognised four-year (Honours) degree in Mining Engineering, Engineering Geology, Civil Engineering or Geotechnical Engineering. A credit average and no course fails over the final two years of the degree is also required and professional experience in the mining industry will be highly regarded. Full details on entry requirements are available at [engineering.unsw.edu.au/mining-engineering](#).

Specialisations

• Mine Geomechanics

• Mine Management

We are ranked 5th in the world for Engineering - Mineral and Mining / QS World University Rankings by Subject, 2017

Graduate Diploma of Mining Engineering (5335)

Duration: 1 year

Entry: February

Estimated first year tuition: A\$41,280

Minimum IELTS requirements:  
6.5 Overall, 6.0 in each band

Entry requirements

A recognised four-year degree in Mining Engineering or a related engineering or physical sciences discipline from a recognised institution, or a three year degree plus a minimum of one year relevant industry experience. At least an average of 65% and no course fails.

## TOP 15 IN THE WORLD

Consistently ranked among the top 15 law schools in the world, UNSW Law is currently placed 14th in the 2017 QS World University Rankings by Subject.

## EXCELLENCE IN RESEARCH

UNSW Law received a top rating of five 'well above world standard' in the 2015 Excellence in Research for Australia (ERA) analysis.

## JUSTICE FOR ALL

Our association with a range of legal research, advocacy and education centres demonstrates UNSW Law's commitment to justice. Our students can access these centres to gain practical legal experience.

'The Master of Laws program is comprehensive, highly practical and geared to the needs of international students. The quality of lecturers, structure of classes, facilities and support created a genuine learning environment.

## TOP RANKINGS IN SCIENCE

Your fellow students will be bright and inquisitive high achievers attracted by the high ranking of our scientific research schools. Our school rankings include 18th for Psychology and 37th for Materials Science in the QS World Rankings 2017.

## WORLD-CLASS FACILITIES

The state-of-the-art Materials Science Building, the Biological Sciences South Building and the \$100 million Torch Innovation Precinct at UNSW are all part of our commitment to being a world class research and teaching hub with strong connections to industry.

## RESEARCH AND TEACHING EXCELLENCE

We offer excellence and innovation in teaching and our staff, who are award-winning research leaders in their respective fields, will help you achieve your goals. Our award-winning academics include Professor Emma Johnston, Professor Michelle Simmons and Professor Veena Sahajwalla.

‘UNSW has equipped me with the scientific knowledge to launch a biotechnology start up based in Singapore. I use biotechnology to improve scientific testing processes and standards by making them smarter and more ethical. If you believe you have come up with a technology for the greater good, or it can advance humanity in general, I think you should go for it and give it a shot.’

AVIATION

Master of Aviation Management (8741)

Duration:

1 to 2 years by distance only (part-time mode is also available)

Entry:

February and July

Estimated first year tuition:

A\$39,120

Minimum IELTS requirements:

6.5 Overall, 6.0 in each band

✓

Entry requirements

A recognised three-year Bachelor degree in any discipline. Applicants with a minimum 6 months' relevant industry experience or a recognised Bachelor of Aviation (Honours) may be eligible for advanced standing.

Graduate Diploma in Aviation Management (5741)

Duration:

6 months to 1 year by distance only (part-time mode is also available)

Entry:

February and July

Estimated first year tuition:

A\$29,340

Minimum IELTS requirements:

6.5 Overall, 6.0 in each band

✓

Entry requirements

Minimum entry requirement is at least 1 year of relevant industry experience. Applicants with more experience may be eligible for advanced standing and complete the diploma in less time.

BIOTECHNOLOGY AND BIOMOLECULAR SCIENCES

Graduate Diploma (Research) (5304)

Duration:

1 year

Entry:

February and July (entry is dependent on the availability of a suitable academic supervisor)

Estimated first year tuition:

A\$39,120

Minimum IELTS requirements:

6.5 Overall, 6.0 in each band

✓

Entry requirements

Applicants are required to have a recognised three year full-time Bachelor degree with a minimum average mark greater than 55, specialising in:

- Molecular and Cell Biology;
- Genetics;
- Microbiology; or
- Biotechnology

The wide array of scientific research conducted in BABS is represented by the active research projects in the School, some of which are suitable for Graduate Diploma students. See [babs.unsw.edu.au/research-projects](https://babs.unsw.edu.au/research-projects). Students interested in one of these research areas or projects should apply for this Biotechnology and Biomolecular Sciences stream. Students who successfully complete the Graduate Diploma (Research) with a sufficiently high weighted average mark (WAM) are qualified to continue further in their research careers by undertaking postgraduate studies by research (Masters or PhD level).

Students must also demonstrate in their application that they have research experience in one of the relevant disciplines for this stream. Students without demonstrated research experience will be considered at the discretion of the Postgraduate Coordinator in the School of Biotechnology and Biomolecular Sciences.

It is essential that applicants identify an appropriate academic supervisor and obtain agreement prior to submitting an application for postgraduate study. Applicants will need to identify and contact potential supervisors who have areas of research interest aligned to their own.

FINANCIAL MATHEMATICS

Master of Financial Mathematics (8161)

PHYSICS

Graduate Diploma (Research) (5304)

Duration:

1 year

Entry:

February, July (Entry is dependent on the availability of a suitable academic supervisor.)

Estimated first year tuition:

A\$39,120

Minimum IELTS requirements:

6.5 Overall, 6.0 in each band

✓

Entry requirements

The Graduate Diploma (Research) can be used as a higher degree qualifying program (for students who do not meet criteria for direct entry to Honours or MSc/PhD programs), to upgrade existing qualifications or to develop expertise in a different but related disciplinary area from that of their first degree. Students who qualify to enrol in the Honours program would generally be expected to do so rather than enrol in this Graduate Diploma (Research) program. Research projects are available in all areas of the School of Physics at UNSW: astrophysics, biophysics, condensed matter physics, music acoustics, and theoretical physics. Full-time and part-time projects are available, subject to the discretion of the supervisor. Further information on research projects offered in the School, some of which are suitable for Graduate Diploma students, can be found at [physics.unsw.edu.au](https://physics.unsw.edu.au).

Applicants should have completed a three year (full-time equivalent) Bachelor of Science, with a major in Physics, with a minimum WAM in the range 55-64%. Students with a major in a closely related area, e.g. Astrophysics, may also be eligible for admission.

It is essential that applicants identify an appropriate academic supervisor and obtain their agreement prior to submitting an application for the Graduate Diploma (Research) in Physics. Agreement of a supervisor is not a guarantee of admission but is required before an application will be considered. Information about academics in the School of Physics and their research interests is available from the School of Physics website [physics.unsw.edu.au](https://physics.unsw.edu.au).

PSYCHOLOGY

Master of Psychology (Clinical) (8256)

Duration: 2 years

Entry: February

Estimated first year tuition: A\$39,120

Minimum IELTS requirements: 7.0 Overall, 7.0 in each band

Entry requirements

An accredited four-year Bachelor degree in psychology (with First Class Honours) from UNSW, or equivalent from another university recognised by the Australian Psychology Accreditation Council (APAC).

Professional recognition

The Master of Psychology (Clinical) is accredited by APAC as the fifth and sixth years of study leading to full membership of the Australian Psychological Society (APS) and registration as a psychologist with the national Psychology Board of Australia (PsyBA). Graduates of the program are eligible for

Associate Membership of the APS College of Clinical Psychologists. After completing a further two years of full-time equivalent supervised practice, graduates of the program are eligible to apply for full membership, and endorsement as Clinical Psychologists.

To obtain full or provisional registration as a psychologist, students must meet certain registration standards. Without provisional registration, students cannot undertake professional practice, a compulsory component of all Master of Psychology programs, as they are not permitted to have any client contact.

Applicants should therefore familiarise themselves with the registration standards available on the website of the Australian Health Practitioner Regulation Agency (AHPRA): [www.psychologyboard.gov.au/Standards-and-Guidelines/Registration-Standards.aspx](http://www.psychologyboard.gov.au/Standards-and-Guidelines/Registration-Standards.aspx).

## WORLD-CLASS FACILITIES

UNSW Canberra offers a supportive and stimulating environment with state-of-the-art facilities and one of the best teacher to student ratios in Australia.

## WE'RE THE BEST CITY IN THE WORLD TO LIVE IN

We've thought so for a long time, but now it's official. The OECD rated Canberra the best city in the world for wellbeing in 2014, 2015 and 2016, meaning our residents have the highest quality of life across income, jobs, health, access to services, environment, education, safety, civic engagement and housing.

‘Thanks to my multi-disciplinary research background at UNSW Canberra and the funding provided by the University to attend overseas conferences, I was able to obtain a postdoctoral research position at the University of Oxford after I completed my PhD.’

UNSW CANBERRA POSTGRADUATE COURSEWORK PROGRAMS

Courses in Master by Coursework programs at UNSW Canberra are delivered through distance (online) and/or intensive delivery mode. International applicants may undertake these programs as offshore international students. Offshore international students are not eligible for an Australian student visa.

**Distance Mode:** Courses are available in the distance (online) delivery mode. There is no need for you to be present on the campus to complete the course. You are required to download the information, complete the work and upload your assessments or complete the

online tests as directed in the Course Outline. All coursework and forums are asynchronous; there is no need for you to be online at any specific point in time. If necessary, you can log in at the start of the session, download all the course material and only log back in again to submit assignments and complete any course tests. If you are able to be connected more regularly, you can participate in the online forums.

**Intensive Delivery Mode (IDM):** If you choose to undertake IDM courses, you will attend the UNSW Canberra campus for a one-week full-time period of face-to-face instruction. The IDM periods are usually at the start of each

session so you may be able to package and complete a number of IDMs in succession. On completion of this on-campus component, you would complete the rest of the coursework as detailed in the Course Outline. There is no need to remain at UNSW Canberra nor to be online at any specific point. After the IDM intensive week, you simply download the information and continue through the session as if you were in the Distance Mode. Throughout the session you may, if you wish and are available, participate in online forums with other students. International students are required to obtain visitors' visas to Australia in order to attend IDM courses.

Master of Special Operations (8632)		
<b>Program Duration:</b> 1 year by distance (full-time equivalent) <b>Entry:</b> February/March and July <b>Estimated first year tuition:</b> A\$34,320 <b>Minimum IELTS requirements:</b> 6.5 Overall, 6.0 in each band	Contemporary armed conflicts have seen the employment of special operations forces on an unprecedented scale, yet special operations remains an understudied and often misunderstood instrument of military policy. The Master of Special Operations uniquely addresses this gap by offering students a combination of special operations focused core courses alongside a selection of electives addressing broader issues in strategy and security, providing the student both a focused view of the phenomenon of special operations and a broad understanding of their context. The Master of Special Operations is ideal for special operations	and other military personnel seeking to broaden their understanding of special operations beyond the tactical and operational skills and capabilities involved. The program also provides an excellent framework of reference for other government employees and contractors who require a good understanding of Special Operations. Postgraduate scholars seeking to develop a research competence in this field will also find a valuable foundation in the Master of Special Operations.  For more information, visit <a href="http://handbook.unsw.edu.au/postgraduate/programs/current/8632.html">handbook.unsw.edu.au/postgraduate/programs/current/8632.html</a>

# POSTGRADUATE COURSEWORK - HOW TO APPLY

- 1

**Choose your program**  
Choose your program at [international.unsw.edu.au](https://international.unsw.edu.au) or from our International Student Guide, noting down the program code.
- 2

**Check your entry requirements**  
You need to satisfy your chosen program's entry requirements (see page 28-104). You also need to satisfy UNSW's English language requirements (see page 109 and visit [unsw.edu.au/elp](https://unsw.edu.au/elp)).
- 3

**Submit your application online**  
Submit your application at UNSW Apply Online ([apply.unsw.edu.au](https://apply.unsw.edu.au)). Click 'Register now' and fill out your details. Upload your supporting documents and pay your application fee.
- 4

**Track your application**  
Once you have submitted your application you will be able to easily track the progress of your application via your Apply Online account. You will also be able to upload any additional documents that we need.  
  
Once you have provided all of the necessary documentation, it should take 2-3 weeks for UNSW to assess your application.
- 5

**We will send you a letter of offer**  
We will notify you of the outcome of your application via email. If your application is successful, you will receive a full offer if everything is fine or a conditional offer if more steps are required. If you are receiving assistance with your application, your nominated representative will also receive a copy of the email.
- 6

**Accept your offer**  
If you received a full offer, you will also receive an email with a link to your personalised offer page. Your page will guide you through the process of accepting or deferring your offer. When you have accepted and paid your deposit, you will receive an electronic confirmation of enrolment (eCoE).
- 7

**Enrol online**  
You can then enrol in your degree and courses online at myUNSW ([my.unsw.edu.au](https://my.unsw.edu.au)).

**Need help?**  
If you have any questions regarding your application, go to [enquiry.unsw.edu.au](https://enquiry.unsw.edu.au).

**Other ways to apply**  
You can also apply to UNSW at a conference or event where we are present, or through a UNSW agent located in your country. Head to [international.unsw.edu.au/apply](https://international.unsw.edu.au/apply) to find out more.

UNSW encourages talented athletes to apply for the UNSW Elite Athlete Support Program. It provides access to the very best sporting facilities and flexible study support.

## Other scholarship providers

- There are many scholarships available that are offered by organisations other than UNSW including the Australian government, industry partners and organisations in your home country.
- I

**Australian government scholarships**  
Australia Awards are international scholarships and fellowships funded by the Australian Government offering the next generation of global leaders an opportunity to undertake study, research and professional development.  
For more information, go to [www.australiaawards.gov.au](https://www.australiaawards.gov.au)

- 1

**Go to: [scholarships.unsw.edu.au](https://scholarships.unsw.edu.au)**
- 2

**Search for scholarships**  
Make sure to select 'International' in the Residency search box to see the list of scholarships available to you. To be considered for a scholarship, you must submit a separate application in addition to your admission application for UNSW.
- 3

**Register for your chosen scholarship**  
Before applying for your chosen scholarship, first register an account by following the instructions on the page. You need to have lodged an application for admission at UNSW to be able to register and apply for a scholarship.
- 4

**Apply for your chosen scholarship**  
To apply, log in using your login ID (e.g. z1234567) and password (e.g. zPass). Double check the requirements as some scholarships may have specific questions or require supporting documentation. Complete your application and submit it.

UNSW Sydney has many scholarships open to International students and new opportunities come up all the time. We recommend that you check our website regularly.

If you're eligible for any scholarships, we encourage you to take the time to apply. Feel free to apply for as many scholarships as you wish. To be considered for a scholarship, you must submit a separate application in addition to your enrolment at UNSW.

For more information about UNSW Scholarships visit: [scholarships.unsw.edu.au](https://scholarships.unsw.edu.au)

# POSTGRADUATE RESEARCH - HOW TO APPLY

You can apply for a research degree and a scholarship within the same application.

## 1 Determine your eligibility and research area

In addition to the online application process, a number of Schools and Faculties have specific admission requirements. Please read this information carefully prior to finding a supervisor or submitting your online application. You need to match your area of interest to one of our Faculties and satisfy minimum eligibility requirements for your proposed postgraduate research program. Visit [research.unsw.edu.au/how-apply-enrol-research-degree](https://research.unsw.edu.au/how-apply-enrol-research-degree) and see Step 1 for detailed information. You will also need to investigate if your research interest is a good fit for UNSW so take some time to look at each Faculty's research programs: [unsw.edu.au/faculties](https://research.unsw.edu.au/faculties).

## 2 Find a supervisor and develop a research description

Most Schools require students to contact their potential supervisor and secure their agreement to supervise you before you submit a formal application for admission. Your Supervisor must be located in the School you are applying to. Once you have a supervisor, a one page description of the proposed research should be written.

Arts and Social Sciences and Built Environment applicants need to submit an Expression of Interest form (EOI) to the Faculty, and will submit their successful EOI outcome as proof of contact.

Visit [research.unsw.edu.au/how-apply-enrol-research-degree](https://research.unsw.edu.au/how-apply-enrol-research-degree) and refer to Step 2 for instructions.

## 3 Prepare your supporting documents

A number of supporting documents are required to be submitted as part of the application process. They must be in English or include a certified English translation. Scanned copies can be accepted. Check with your Faculty or School for specific requirements and also refer to Step 3 on our website [research.unsw.edu.au/how-apply-enrol-research-degree](https://research.unsw.edu.au/how-apply-enrol-research-degree).

## 4 Submit your application and apply for a scholarship

Submit your application and supporting documents at UNSW Apply Online [applyonline.unsw.edu.au/login](https://applyonline.unsw.edu.au/login). Click 'Register now' and follow the prompts to set up a password, and begin your application. Please submit only one application. You can apply for UNSW scholarships within your research application.

## 5 Track your application

After submitting your application, you will be emailed a confirmation receipt with your UNSW Student ID and a list of any outstanding documents. You can log in to UNSW Apply Online to track the progress of your research application or submit any outstanding documents.

Applications for admission take around six to eight weeks to process. If you have applied for a scholarship, the scholarship outcome will be released separately. For scholarship offer release dates please see: [research.unsw.edu.au/key-dates](https://research.unsw.edu.au/key-dates).

## 6 Accepting an offer

Successful applicants will be emailed an offer of admission. Students with a full offer (unconditional offer) can accept, defer or decline online through myUNSW: [my.unsw.edu.au](https://my.unsw.edu.au). If more information is required you may be sent a conditional offer with details of outstanding documents to provide.

## 7 Enrol online

Once you have accepted your offer, you then need to enrol. Enrolment into a research degree at UNSW must be done in person, and you will be emailed information about the enrolment procedure. Visit [research.unsw.edu.au/enrolment-instructions](https://research.unsw.edu.au/enrolment-instructions) to read more on the enrolment process.

# RESEARCH SCHOLARSHIPS

A wide range of scholarships are on offer for international students.

## Our scholarships

UNSW offers a wide range of prestigious scholarships. The scholarships provide benefits such as annual stipends, living allowances and coverage of tuition fees, as well as funding and supplements for travel.

## Eligibility

Scholarships are only available to applicants who hold a four-year Bachelor degree with Honours class 1 from an Australian institution, or an equivalent research qualification/experience. This qualification must be in a field relevant to your area of research.

## Apply

You can apply for a scholarship within your research degree application.

## Available scholarships

The UNSW scholarships available to international students are:

### • International Research Training Program (RTP)

Based on outstanding academic merit and research potential, these awards provide successful applicants undertaking a PhD or Research Masters with a tax exempt living allowance in addition to covering tuition fees for 3.5 (for PhD) or 2 (for Masters) years. The RTP also provides selected additional allowances.

### • University International Postgraduate Award (UIPA)

# ENGLISH LANGUAGE ENTRY REQUIREMENTS

## Evidence of English Language ability

If English isn't your first language, you must provide evidence that your English language ability meets our requirements. This means that you must submit results from an acceptable English language test taken in the last two years prior to starting study at UNSW.

See our English language requirements policy: [unsw.edu.au/elp](http://unsw.edu.au/elp)

## International English Language Testing System (IELTS) - Academic

Overall minimum score of 6.5 with a minimum score of 6.0 in the sub-tests of listening, reading, speaking and writing is required. Some UNSW programs require a higher score, for example, Business School and Law.

[www.ielts.org](http://www.ielts.org)

## Test of English as a Foreign Language (TOEFL)

90 overall (minimum 23 in writing, 22 in reading, listening and speaking). Paper-based test: overall minimum score of 577 with a minimum score of 5.0 in the Test of Written English. Some UNSW programs require a higher score.

[www.ets.org/toefl](http://www.ets.org/toefl)

## University English Entry Course (UEEC)

Intensive English language course conducted at UNSW Institute of Languages. Minimum accepted score: C+ with a minimum of C in the writing component. Some UNSW programs require a higher score.

[www.languages.unsw.edu.au/courses/academic-english/the-university-english-entry-course](http://www.languages.unsw.edu.au/courses/academic-english/the-university-english-entry-course)

## Pearson Test of English Academic

Overall minimum score of 64, with minimum of 54 in each sub-score. Some UNSW programs require a higher score.

## Other English qualifications

UNSW also accepts a number of academic qualifications and other English tests as meeting the English language requirements. For information about these qualifications and the full English language requirement policy visit:

[unsw.edu.au/elp](http://unsw.edu.au/elp)

# UNSW INSTITUTE OF LANGUAGES

Study with UNSW Institute of Languages to meet the English language entry requirements to start your UNSW degree. UNSW Institute of Languages offers a comprehensive range of English language programs which cover academic English, general English and professional English.

Programs are developed and delivered by highly qualified and experienced teachers who are specialists in teaching English. They will help you achieve the language skills needed for your academic and career success.

Demand for programs is high, and we recommend that you apply at least three months before your intended start date for a UNSW Institute of Languages program.

[languages.unsw.edu.au](http://languages.unsw.edu.au)

## University English Entry Course (UEEC)

This intensive English course may help you get into your UNSW degree sooner. On successful completion of UEEC, you will be accepted into the relevant UNSW degree without having to retake an IELTS or similar exam. Course material is based on UNSW resources and enhanced through the use of online learning and teaching activities.

Minimum accepted score: C+ with a minimum of C in the writing component. Some UNSW programs require a higher grade.

<https://www.languages.unsw.edu.au/courses/academic-english/theuniversity-english-entry-course>

## Tertiary Orientation Program

If you already meet the English language entry requirements for UNSW but need to gain confidence or improve your English skills for an academic environment, you may want to take this intensive five-week course before starting your UNSW degree. It will also give you the chance to settle into Sydney, familiarise yourself with the local accent and meet fellow students.

Because each student's study choices are different, it's impossible to provide a definitive cost of studying at UNSW.

Here are a few things to consider when calculating your expected fees.

### Fees are course-based

Fees for international students are set according to the course (subject) and not the program. The fees reflect the relative cost of delivering the course. For example, a science course is likely to cost more than an arts course. For that reason, your total tuition fees will vary depending on which courses you choose.

### Fees vary each year

Fees for programs fluctuate from year to year. The tuition fees listed above are for students in 2017. The fees listed for 2018 are indicative only; these fees may change during the program. Actual fees for 2018 will be released in late 2017. [student.unsw.edu.au/fees](http://student.unsw.edu.au/fees)

### Fees are charged based on the year of commencement

For example, if you start in Semester 2 (July) 2017, the fees for the first semester will be calculated at 2017 rates. Your second semester will be calculated at 2018 rates.

If you are required to complete a course again, you will be charged at the rate applicable to the year you re-take the course.

### Estimating your tuition fees

Estimates for each program are outlined in the Faculties and postgraduate programs section, on page 28. You can also calculate your own expected fees by referring to the relevant table above.

### Coursework program fees

A coursework Masters program will require 48 units of credit (UOC) per year, a Graduate Diploma will require 36 or 48 UOC per year, while a Graduate Certificate requires 18 or 24 UOC per semester. Most courses (subjects) are 6 UOC.

A typical postgraduate program will include courses from within the Faculty offering the degree. However, if you do choose courses from outside your Faculty, they will be charged at the rate set by that Faculty. As an example, the course Environmental Impact Assessment will be calculated using the Faculty of Arts and Social Sciences rate, which is A\$655 per UOC in 2017.

## Tuition fees for postgraduate research programs

\* Indicative fee only.

Faculty	2017 (A\$/UOC)	2018 (A\$/UOC)*
<b>Arts &amp; Social Sciences</b>	\$625	\$665
<b>Business School</b>	\$690	\$730
<b>Built Environment</b>	\$715	\$760
<b>Art &amp; Design</b>	\$660	\$700
<b>Engineering</b>	\$875	\$930
<b>Law</b>	\$800	\$850
<b>Medicine</b>		
Band 1: Master by Research and PhDs in Public Health	\$715	\$760
Band 2: All other disciplines in Medicine	\$905	\$960
<b>Science</b>	\$835	\$885
<b>UNSW Canberra</b>	\$675	\$715

### Research program fees

The tuition fees listed for research programs are for a standard full-time year of study, which is 48 UOC per year or 24 UOC per semester.

Some research degrees combine coursework with research. In this case, your research tuition fee covers the cost of these courses and you are not required to pay an additional fee.

Graduate diplomas by research are not classified as research degrees and fees are calculated using the value of individual courses undertaken.

For more information about the UNSW fees policy, including refund of fees and overpayments, visit: [student.unsw.edu.au/fees-policy-international-students](http://student.unsw.edu.au/fees-policy-international-students)

### Other study-related costs

Some programs and courses have costs, which are additional to the tuition fees, for expenses like laboratory kits, equipment and field trips. Textbooks are not considered compulsory, but we recommend budgeting around A\$1,000 per year for books.

An estimate of your total costs (tuition and other study-related costs) will be shown on your Confirmation of Enrolment Form (CoE) that will be issued on acceptance of an offer of admission to UNSW.

### Living costs

Living costs vary depending on each student's specific requirements. We estimate a single international student will need minimum A\$20,000 per year to cover general living expenses. This doesn't include the costs of large non-essential items like electrical equipment or a car.

In addition, you will need at least A\$2,000 when you arrive in Sydney to cover initial expenses such as a rental bond payment (security deposit), electricity, gas and telephone connection fees and basic furniture and household items.

For more information, visit: [www.studyinaustralia.gov.au/global/live-in-australia/living-costs](http://www.studyinaustralia.gov.au/global/live-in-australia/living-costs)

### Overseas student health cover

If you are in Australia on a student visa you will need to pay for health insurance through the Overseas Student Health Cover (OSHC) scheme and maintain insurance for the full duration of your visa.

All international students must be covered by health insurance from the date they arrive in Australia until the date they depart, regardless of when they start or complete their program. It is your responsibility to ensure your health insurance policy matches your arrival and departure dates.

The only exception is for students from Belgium, Norway and Sweden who are covered by CSN or Kammarkollegiet. These students will need to provide proof of official health insurance cover from their home government provider.

## There are five registered providers of OSHC

Medibank (UNSW's preferred health cover provider), BUPA Australia Health, Worldcare, NIB OSHC and Australian Health Management.

Medibank OSHC will pay benefits towards your medical and hospital treatment, medically necessary ambulance transport and most prescription medicines. Just be aware that there may be some exclusions for pre-existing conditions and you may have to serve a waiting period to receive certain services.

Certain services are not covered by Medibank's policies. These include optical, physiotherapy, dental and certain pharmaceuticals. If you want to be covered for these expenses, you will need to take out additional insurance.

### US financial aid

We are authorised by the US Department of Education to administer Federal Direct Loans for eligible US students studying at UNSW. If you are eligible for this support, the UNSW Financial Aid Office will be able to help you with your application.

For more, visit: [international.unsw.edu.au/for-us-students](http://international.unsw.edu.au/for-us-students)

### International student loans

If you are from Canada, Sweden, Norway, Denmark or UK and have applied for a student loan or a grant from your home country, we can help you certify your enrolment at UNSW.

Please send the Certification Form to [financialaid@unsw.edu.au](mailto:financialaid@unsw.edu.au)
